Each N.E.B.E.S. program comprises courses designed to maximize real-life learning. This is achieved through simulation and innovative features such as practical hands-on assignments, real-life case studies, and a solid system of assessment for student progress. In as little as three months, students learn new business skills that will position them perfectly for success in a new career.

New England Business Educational Systems, Inc. (NEBES) is state-licensed to insure that its students receive the best in quality education.
